

Power of The Word - CYC 2020

The word of God is a powerful thing. Not just because it is God's law but because it is how He communicates with us. The Bible is a way for us to become closer with God. By reading His messages, fulfilling His commands, and spreading His word.

Through the Bible God speaks to us to try and direct us down the right path. For instance, after praying about something maybe a few days later when you read your Bible you'll come across some scripture that reassures you. Though that can happen, there is still danger of making your own sign. Even though the word of God is a powerful thing sometimes we tend to scrapbook it to make it say what we want it to say, when we need to just read it as it is. Even if it is something we don't want to hear.

One of the main reasons we read the Bible is to read God's law, so we can follow them. Though God did give us specific instructions the Bible tells us over and over again how we tend to break His laws because we fall into temptation. God knew that we are not perfect that is why He sent His son to die on the cross.

God knows that we have flaws. That even if we try our hardest we will sometimes fall so He gave us a way to recover from our falls. He also gave us the Bible which tells of those who have fallen but still rose and recovered. That gives us hope that we can be saved. Since God gave us hope now it is our job to spread and give hope to others who may not know Him. And if they do know Him then we can help them strengthen their faith. The Bible has a lot of advice and reassuring stories that say we will one day be with Him.

The word of God is one of the best gifts we have ever received and it will continue to guide and give us hope for years to come.
