

The Power to Change - CYC 2020

This year was Johanna and Emily's first year at CYC. It was Cassie and Gracie's second year to attend. The speakers this year were really awesome. There were two sessions per day and it was a great experience for first timers and returning kids.

Our favorite talk was from Parker LaGrange. It is called "The Power to Change." We stayed in the book of Acts for this talk.

There are five qualities that you have to have to change. We find these qualities in the life of the apostle Paul, detailed in the book of Acts.

1. We have to be honest. Acts 22:4-5
2. We have to be humble. Acts 22:7-8
3. We have to be willing. Acts 22:10
4. We have to be committed. Acts 9:16
5. We have to remember why we changed.

Paul told the story of how and why he changed many times. Paul changed and did not regret who he used to be. He became all for God.

We also need to be willing to change to God's way, not our own way again. God wants to use us for great things! We have to be willing to change in order for God to use us in the right way. We have to have the mindset of change. We need to let Jesus work in our hearts so he can help us change in a good way.

Change = Repentance.

There is hope for lost people and hope for us sinners. To change we have to be with Jesus. Without Jesus, we will fall back into our old ways. How badly do you want to be with Jesus?
