

“Camp Blue Haven 2018”

 I have been going to Camp Blue Haven my whole life. My parents met there as counselors and then came back as teachers for one week every summer. In 2009, my family was asked to come to camp for the whole summer to be on permanent staff and we did that for seven summers. All that to say that Blue Haven has been a big part of my life. I love going up there every year and I am always sad to leave but anytime someone asks me what my favorite part of camp is I always say the people.

When I find myself missing camp, I really just miss the people. However, we don't have to be at camp to be close to these people. I have made it my goal this year to have deep relationships with camp friends and other people all year long not just a camp. I also want to talk more about Jesus to others and spread His word. – Jessica Rackley

 In Bible class, I learned about Jesus and the leper. In the end, Jesus and the leper switched roles. I also learned that our spiritual life is like a marathon. The cabin devos and prayers, and the counselor's stories really impacted me, and I learned a lot from them. – Joshua Mayben

 This year at Camp Blue Haven was by far my favorite. One of my favorite parts about this year was the cabin devotionals we had. I've had practically the same cabin mates for 4 years in a row and this year's cabin devotionals were the best they've ever been.

My cabin mates and I had really matured since last year and the devos got so much deeper. We talked a lot about problems that we will face in our spiritual walk through examples our counselor, Kyle Killough, gave us. I learned a lot about how to keep my faith going through tough times and so, CBH as usual was a big success – Cache Cole.
