

“Camp Blue Haven 2018”

Wow this year was amazing. It was my fourth year to have the same cabin. I also had the same brother cabin. I really loved this because we didn't go through the awkward “getting to know each other phase” which usually last until Friday.

We immediately dove into God's word. We learned how to better understand the scripture we read. We asked each other and ourselves: What did we learn about God in the passage? What did we learn about people? How can we apply this scripture to our lives and who do we know that needs to hear this?

It was amazing to be able to comfortably share deep and personal thoughts and opinions with each other and not fear rejection or judgment. Everyone was so supportive. I love my cabin and my brother cabin so much. I would do anything for my brothers and sisters. They mean everything to me. I don't know what I would do without my Camp Blue Haven family! – Grace Bird

This was my sixth year going to Camp Blue Haven and as always, it has been an amazing experience. I've grown in my faith, grown closer to God, and learned how I can continue growing in my faith. Before camp I knew that I needed to grow closer to God and that I needed to put him first in my life. And I knew that God would use Blue Haven to lead me and teach me how to do that.

Sunday night we were challenged to question our dreams and ask, “Are these God's dreams for me? Or just my dreams?” I need to put God first and he will create the perfect plan for me. Tuesday night we learned about the Christian life and how it is similar to a marathon. Even though it's hard I have to keep running, the race marked out for me.

I heard stories and testimonies from the counselors, staff members and other campers about how God has transformed their lives, and it happened because they sought out God and put him first. It's very inspiring to see what God can do for anyone. Camp Blue Haven is a huge blessing and I'm going to use what I learned so I can seek God and put him first so he can lead me according to his will. – Kylie Fagan
