

## Christmas For Kids

Thank you Southgate for filling up some of our boxes already. Through your generosity we are seeing items for a variety of ages. That is one thing the Children's Advocacy Center specifically appreciates. They work with Tom Green County and the surrounding area and always have children that need foster care placements even right up to the holidays. Your giving at this time provides a small bit of comfort and love for some that desperately need that. We do not know all of their needs, but we certainly know of one need that we share with all, the need for Jesus. We give our gifts *in the name of the Lord Jesus, giving thanks to God the Father through him.*

*(Colossians 3:17)* As we acknowledge God as the great giver, give him the glory, and share what he has blessed us with, we may show others a picture of His great love for us. Thankfully that great love is always there. At the times we feel we need it more, at the times we ignore it, and at the times we feel like we've messed up too much, His love and grace abound. May his grace reach more and more people and their thanksgiving overflow to the glory of God. *(2 Corinthians 4:15)*

The collection boxes will be out through the first week of December.

May we continue to give thanks in our giving, and may our giving cause thanks to be given to God.
