Psalm 139:1-24

How powerful is this section? It really brings out a few points that hits the nail on the head and drives them in deep.

1. God actively seeks to know us and does know us.
2. God is everywhere and in everything.
3. God loves us and “thinks” of us very often....'more than the grains of sand”.

WOW!!!

Psalm 140

Sounds a lot like a prayer that I know I should be saying. Lord keep me away from evil men and save me from violent men. However I wonder if the writer is talking about other physical men or more about his own evil and violent desires? Just a thought...

Psalm 141

Now this sounds like a prayer WE ALL need to say. Verses 1 & 2 - a plea for God to hear him. 3-10 are David asking for God's help. It is interesting how we haven't changed as much as we might like to think...

Psalm 142

This psalm is a great example of why God called David a man after his own heart. It is also a good example of how unchanged our hearts and minds are from the time of this writing.

Psalm 143

WOW!!! David really is showing us how we ought to pray. David is talking with such respect and reverence. How different would we look at things if we prayed like this every day?

Psalm 144

This sounds like more of a prayer of praise than a pleading prayer. It is good to know that David, much like us, had times of just praising God rather than begging of him.

Psalm 145

Verse 3 hits the nail on the head. GREAT IS THE LORD!!! I am happy to end these devos on such a great and positive verse. I couldn't add to it if I wanted to. Just read this whole Psalm 2 or 3 times. It is such a moving devotional than I could ever give. Be blessed and praise God!
